*****Monetary donations are needed to help us ship the care packages.** This is always **our biggest need** by far. Shipping costs have increased annually and it does not matter how much "stuff" we have if we do not have money to ship it. There are thousands of troops counting on us to send them some love and cheer from home! Donations must reach us by Thanksgiving in order to reach our troops on time.

*****Please note:** 1) The U.S. Postal Service regulations do not allow anything in **aerosol cans** or **hand sanitizer** to be shipped. 2) Shipping currently takes about 21-45 days to the combat zones. It takes us about a week to get everything sorted and boxed. Please keep this in mind when you are checking **expiration dates** on food items. 3) We are currently **not accepting** any books.
